Permanent Cure of Dyspepsia and habitual Costiveness.

To Dr Relph

DEAR SIR — I have, myself, almost no occasion for your inestimable Pills I have used them any six years, on occasion dictated, and I have reason to suppose they have wrought a thorough and permanent change in respect to the functions of the stomach From habitual costiveness, and the voiding of numerous and slimy stools, I am completely relieved The multiform symptoms of Dyspepsia, with which I was once too well acquainted, have so entirely passed away, that I hardly know what they were Any use you can make of this, or a more full development of my case, is at your service

Except in an obnoxious case your book (Family Physician) and Pills have been the only physicians in my house for six years.

There are many of my friends around, and more and more, who call for your Pills as a family medicine, and for chronic cases Yours truly,

Horatio Waldo,

Important to Owners of Horses!

Dillow's Celebrated

HEAVE CURE!!!

Which has been used with such astonishing effect in France and England for the last twenty years is now and has been for the last two years performing the most wonderful cures ever on record in this Country. More than

1000 cases of Heaves,
2300 cases of Chronic Coughs and Colds,
1800 cases of Catarrh and Nasal Gleet,
1500 cases of Affection of Bronchial Tubes and Glands,
500 cases of Thick and Broken Wind, and
800 cases of inflammation of the lungs!

Have been cured by this extraordinary remedy, since its introduction in the United States, The following is one of the hundreds of certificates in our possession, proving its Universal efficacy.

New-Scotland, Albany Co., N. Y., February 17th, 1846

Messrs Fond & Grant Gentlemen — I bore with treatment to you, my certificate, for the benefit of those who may have horses similarly affected,

I, hereby certify, that one of my best horses in the winter of 44-5, became afflicted with the heaves in the most aggravated form — which I allowed to remain upon them and feed a month, without doing anything for him. Having heard of the unparalleled popularity of Dillow's Heave Cure, I purchased three packages of it, purely to him, and it entirely removed the disease. From that time to the present he has been in a perfectly sound condition.

JAMES M WILLIAMS.

UNIVERSAL CONDITION MEDICINE

Read the testimony of an eminent Boston Farrier:

Boston, January 9th 1846.

Messrs. Fond & Grant Gentlemen — At the request of your Agents here I send you my opinion of your celebrated Dillow's Heave Cure. As an Universal Condition Medicine, as well as a sure cure for the Heaves and all diseases arising from an affection of the bronchial tubes, parotid and submaxillary glands and the lungs, and also from its general and alterative properties I recommend it to be the best medicine extant, for cases of Farcy, Scratches, Chest Founder, Dropsy of the Skin and Chest, Fever, Pleurisy, Lumbago, Hide-Bound, Inflammation of the Kidneys and Mange. I consider it to be a vegetable compound which operates upon the animal system in the same manner that Yellow Dock and Sassafras operates upon the human system It would sell like a tornado of the horse-owning public to the fact that nine-tenths of the above diseases are contracted through neglect during the Dentition Season, at time of changing the hair, which takes place during the most unchecked seasons in the whole year, at which time, if the horse is exposed and neglected, the pores of the skin close up and the circulation of the blood cease. If left in that condition, Disease in some form, may ensue. It is at the time that I consider your invaluable Powder indispensable, as it operates upon the pores and Glands of the Skin, and causes the old hair to fall off in due time, makes way for the new and imparts a fine and glossy appearance

THOMAS JONES, Farrier,
No. 19 Ash street,

CAUTION — The astonishing success of Dillow's Heave Cure for the last two years, in the United States, has induced several persons to imitate and counterfeit it, and they even go so far as to caution the public against it, and endeavor thereby to palm off their nostrums as the only genuine article We declare that "Dillow's Heave Cure" is the first article of the kind ever introduced in the United States, and we hereby offer the sum of Our Thousand Dollars to any person, or persons who will prove to the contrary. Consequently all others must be imitations.

Kirkbride's Tattersall's

HEAVE POWDERS:

A SAFE, SPEEDY AND PERMANENT CURE for Heaves, Broken Wind, Chronic Cough, Colds, and all diseases which depend upon inflammation of the mucous membrane in the lungs, throat or head of the Horse, or affect the

Soundness of the Animal's Wind.

This remedy which has been used with such remarkable success in England, is now offered to Horse owners in the United States as a positive specific for those obstinate and distressing complaints From the combination of powerful vegetable ingredients in its composition, it is enabled to compete successfully with diseases in the hardy constitution of the Horse, and at the same time, is warranted to be perfectly safe and gentle, is eaten readily by Horses and other cattle, and does not at all inconvenience the animal, or deter him from usual labor The following is one amongst many testimonials we have of its efficacy It is from one of the best Farriers in New York, and a gentleman whose knowledge in the medical treatment of Horses is very extensive

New York, Nov 1, 1847.

Messrs A. H Gough & Co

Gentlemen — You will recollect that I bought a package of your Heave Powders some time ago to administer to a valuable horse of mine in my stables, and that I was quite dubious of the wisdom of attempting to cure such a bad case as his was, and did not, in fact believe there were any medicines better for his complaint than those I had been in the habit of using during my extensive practice with Horses But justice to you and your valuable remedy, requires me to say, that that single package cured the animal of an aggravated case of Heaves as I ever saw, and his wind is now perfectly good. I believe the cure to be a permanent one

Respectfully, &c FLOYD, 102 Laurence-st.

Messrs A. H. Gough & Co — Gents: I bought, about six weeks ago, a package of Heave Powders to administer to a favorite horse, who had been troubled with heaves for more than two years. His case was a very bad one, and so severe as to incapacitate him from half his usual labor, and had resisted all the remedies ordinarily used for the disorder, that had no effect but to slightly diminish the violence of the heaving while taking the medicine, but that package of your remedy has completely eradicated the disease, and now his wind is as good as ever it was It is a month since he has taken the Powders, and I can warrant him sound

Respectfully, GEO W DAVIS,
Monroe, Middlesex Co., N.J

GREAT CONDITION MEDICINE

Besides these specific action upon diseases of the heart and wind pipe, the Tattersall's Heave Powders, from their great alterative and restorative properties, are so effectual in horses as sarsaparilla proves to be in the human race for the removal of impurities of the blood and predisposition to disease. Many a case of founder and lame prevented and cured by a few doses of the Heave Powders, when thrown into the food that is given to the heated animal after a hard drive or exposure to inclement weather. They are warranted to cure the worst cough in a few days, and will wholly eradicate a cough of long standing in one or 2 doses As a cooling alterative they are unequalled, especially when a night sweat, staring coat, loss of appetite, are denote a derangement of the digestive functions, or an infection of bots and worms in the alimentary canal, be described on the following certificate:

Messrs. A. H. Gough & Co — That package of your Heave Powders that I bought of you for my horse's cough has entirely cured him, but in a different way than I expected. The first dose of Expectorant Powder that I administered brought away an immense number of worms from him, and I believe they were all the cause of his cough, relapse coat, etc, which he exhibited, for that package has entirely cured him; his appetite is good, and he is now in perfect condition. I shall freely recommend your Heave Powders for worms as well as heaves Yours, SAM'L ROBERTS.

East Rensselaer, L. I, Oct. 26, 1847.

☞ CAUTION. As several imitations of this valuable and popular remedy are about being put up under the name of "Heave Cure," "Heave Compound," &c., persons are cautioned to beware of them, and to try no remedy but Kirkbride's "Tattersall's Heave Powders"

No Stable should be without this patent preservative Price 50 cts per package of sufficient to cure an ordinary case; 6 for $5 dolls

Sold by A H. Gough & Co., 140 Fulton st, New York, S W. Fowle, Boston, and by Druggists generally throughout the United States.

Important Letter.

MESSRS CURTIS & SMITH

Dear Sirs. — I herewith enclose you a few lines relative to your "Down's Elixir" which, for the benefit of the suffering, if you think worthy you are at liberty to make public About a year and a half ago my mother became sick, so that in a short time we began greatly to fear for her life Her symptoms were, bad cough, pain in the side and sore, each night sweats and other premonitory signs of pulmonary consumption We consulted our best physicians, who gave her little or no relief, and finally pronounced her case incurable consumption She continued to become weaker, and the symptoms more confirmed

About this time at the suggestion of a friend, we concluded to try Downs' Elixer Having procured a bottle from your agent (S K Hyram of Exeter) she commenced taking it. At first it seemed only to mitigate the severity of the symptoms, but in a short time her health began evidently to improve. It cured her cough, relieved her night sweats, and greatly improved the tone of the whole system — After having continued the use most of the time for nearly a year she calls herself cured She is now able to go about the house, and superintend affairs as usual. Under God we believe that to Downs' Elixer, alone, she owes the preservation of her life, and the restoration of former strength and energy We have also used it in our family on other cases for which it is recommended in the pamphlet, with universal success. Yours truly,

(Signed) SWAIN P. NORDSTROM

The above is only one of a thousand similar letters which we are constantly receiving, from all parts of the country, almost daily.

DOWNS' ELIXER is unquestionably the best article known for the cure of *COUGHS COLDS* and *CONSUMPTION* It is more certain to give relief in all cases of *ASTHMA* — often a perfect cure — than any thing hitherto offered to the public

In cases of *WHOOPING COUGH* it stands only to be tried to give it preference over all other remedies It most decidedly breaks up the cough, and renders a most painful thing what seems to be a severe and severe For the *CROUP* it is a good sponge and nurse We speak with confidence, for it has true cure We speak with confidence, for it has never failed, and we believe never will, when used according to directions

ARRIVAL OF THE STEAMSHIP

BRITANNIA,

AT BOSTON.

ONE WEEK LATER.

'War in Italy!

THE FIRST BATTLE BETWEEN THE PIEDMONTESE AND AUSTRIANS.

Demonstrations to Overawe the Provisional Government in France.

The Steamship Britannia arrived at Boston on Sunday last

Commercial affairs in England remain about the same as on the sailing of the America.

The chief interest in the Parliamentary proceedings during the past week, is centered in the Crown and Government Security Bill, which was read a third time in the House of Lords on Thursday In the House of Commons it met with considerable opposition, directed chiefly against the retention of the words "open and advised speaking," in clause 3, as liable to be perverted into a means of limiting ordinary and fair discussion. Lord John Russell so far gave way as to consent that this new felony law shall be temporary only, its operation being limited to two years. With this exception, the measure retains all its original features.

FRANCE.

In Paris on Sunday last, an immense assemblage of the trades of Paris took place in the Champ de Mars. Some accounts estimate the number present at 150,000. The object was said to be to declare in favor of the organization of labor, and against M Marrast, one of the members of the Provisional Government In the course of the day the hotels of the members of the Provisional Government received troops for the protection of the ministers, and a collision was expected, but the whole passed off quietly The real object of the demonstration was to overawe the Government, and to place Communism in a position of ascendancy

The National Guard, consequently, were called out, and mustered to the number of some 200,000. Amongst these the *Guards Mobile*, called into existence by the Provisional Government, were observed to be the most zealous in support of order. They were harangued by M Lamartine from the top of the steps in front of the Hotel de Ville, and they replied with enthusiasm. The would be disturbers of the peace were cowed.

Society in Paris was re-assured. Joy beamed in every countenance, and the reign of order was confirmed. Lamartine is firmly seated His power is now established, and there is little doubt he will lead over the Republic to the National Assembly as a consolidated reality So much for all the sinister insinuations put forth by our oligarchy through the medium of the daily press!

The Courier Francais announces that the police seized a large quantity of arms in several parts of Paris on the 15th inst. It does not say to what party the arms belonged.

A scheme having become known by which the Prince de Joinville was to be preferred as President of the Republic, a decree will shortly appear, banishing the whole Orleans dynasty.

From France we learn that the grand national festival to celebrate the fraternization of the army and the national guard took place, as announced, on the 20th, and was concluded by a grand military demonstration, the like of which has never before perhaps been witnessed The whole of the forces under arms, consisting of 200,000 National Guards and Garde Mobiles, and 5000 troops of the line, fell into rank and marched round the Boulevards and through the city in military order, with drums beating and colors flying The procession took eight hours in passing any given spot in the line of march The greatest enthusiasm prevailed and the most kindly dispositions were manifested towards the troops, the National Guards, and the Provisional Government Up to the hour of going to press the greatest tranquility prevailed, and there was no probability of that tranquility being interrupted It is considered that this demonstration will strengthen immensely the power of the moderate members of the Provisional Government

ARMING OF THE IRISH PEOPLE

Notwithstanding the vigorous determination of the Government to put a stop to the movements of the disaffected throughout Ireland, the preparations for rebellion still proceed. A communication from Youghal states, that "the spirit of insurrection is rapidly spreading in the southeast—from Youghal to Mallow, from Cappoquin to Clonmell, and that nothing is spoken of but rifles, and rifle clubs, pikes, bayonets, &c." The writer mentions the meeting of a rifle club at Clay Castle, at which over 2000 persons were assembled This state of things is becoming a matter of general notoriety The most formidable rebellion that ever shook Ireland from sea to sea is, unfortunately, at this moment, threatening the overmastery.

A Limerick paper in alluding to the state of the country, says,—"We have it from authority which we have the best reason to trust, that in a quarter not quite a thousand miles from Limerick, 9000 men are nightly engaged in practicing the pike exercise."

At Cork, persons are publicly inquired after by those who cannot afford a gun.

At Roscrea the police found in a cabin inhabited by two men named Kelleighe and Kennedy several pike forks, the prongs of which are tipped with steel for nine or ten inches, and the handles measure six feet. The men were arrested, and upon being asked who ordered them to make such weapons, they said they were manufactured according to the plan laid down by the United Irishmen.

The constabulary force of no less than forty of the counties in Ireland have issued solemn declarations, repudiating the assertion that they were dissatisfied towards the Crown

The number of recipients of relief in Dublin union is 30,000, at a weekly cost of £500.

The Scarlet Fever, built for 600, has 1000 inmates, and the guardians have hired seven other houses for the poor In the latter, several of the officers, including the medical attendants, have died of fever, which is raging amongst the poor in and out of the workhouse.

The Irish Fisheries' Society has opened stores in Dublin, where they sell dried cod, hake, ling, and haddocks for a penny per pound They are making arrangements to send fish by mail into the interior of the country, so that the agricultural laborers, may have an opportunity of procuring that food at an equally cheap rate

The run of the savings banks in Limerick, in pursuance of the advice of the organs of revolution, shows no sign of improvement, notices having been served on the 15th for the withdrawal of £5000 on the 24th. As a means of singing the people to their senses, "it is the determination of the directors," says one of the papers published in that city, "to pay out to the last farthing deposited if demanded; but those who withdraw their savings will not again be permitted to deposit money, it being the intention of the committee thus to, demonstrate to people who are so easily led astray by vague and mischievous rumors of designing persons"

The civil war, according to the indisputable authority of Mr. John Mitchell and Mr Smith O Brien, is unavoidably postponed to the end of the reaping harvest, in order to provide, in the interim time, for an effective commissariat.

(Dublin Evening Mail

The British government continues to increase the military force in Ireland.

The prospects of the crops in England, Ireland and Scotland are represented as promising and the amount of grain in the field considerably larger than last year.

Meetings, in favor of the Charter have been held during the past week in almost every town of note in England and Scotland. The convention has adjourned, after appointing deputations to visit the provinces of England and Ireland, and adopting a petition to the Queen, praying the dismissal of ministers. In some districts, the middle classes have fraternized with them, and at Birmingham and Nottingham, meetings of merchants, favorable to one of the points of the Charter, have been held

Nearly fifty persons, implicated in the late disgraceful riots at Glasgow, have been committed for trial in the High Court of Justiciary.

The London Morning Chronicle, speculating on the present state of Europe, says, "Not a week of peace can be counted on—not a day, not an hour."

Christophe ex sovereign of Hayti, who has been for some months a prisoner for debt in Belgium, has been set at liberty, and furnished with funds to defray his passage to England.

There is no change in the Liverpool markets Not the slightest amelioration has taken place in credit or confidence throughout Europe In France commerce is at a complete stand, and the uncertainty which hangs over the financial position of the republic quite totally precludes any security being felt for the future. The paper currency is gradually depreciating in value and gold and silver continue to be hoarded up

The wars and general commotion on the continent have not assumed a less alarming aspect than on the day of our last week's publication The hostilities going on in Schleswig-Holstein and Lombardy naturally occupy most attention; but the universal disruption of society in almost every quarter of Europe, forbids the hope that matters can resume their ordinary peaceful course for a long time to come.

The First Battle.

Defeat of the Austrians by the Piedmontese at Goito—Two thousand prisoners and four pieces of Cannon captured.

LOMBARDY

Accounts of an important victory, gained by the Sardinian Army under the king, at the bridge of Goito, on the Mincio, on the evening on the evening of the 8th, have arrived. The battle lasted two hours, after which the Austrians retreated in confusion towards Mantua, leaving a great number of killed, wounded, and prisoners, with four pieces of artillery The following is the bulletin published by Charles Albert, on this occasion. Castiglione is the place rendered celebrated during the Italian campaign of Napoleon.

The following is the official account of the battle

Royal Head quarters; Castiglione de la Stiviere, April 8, 1848

For several days past the Austrian troops have retired before the Sardinian army, which, inspired by its ancient reputation and perfect discipline, mastered, without meeting any great resistance, the lines of Oglio and Chiese, the enemy one after another abandoning the positions of Montechiaro, Lonato, and Castiglione de la Stiviere though he had previously considered them to be of great importance to him His retreat had even been carried beyond the Mincio, with the intention apparently of taking post between Pescherra and Mantua; but our troops followed him up most closely, and with increasing rapidity, all converging towards a favorable point for crossing the river.

This morning his majesty the king fixed his head quarters at Castiglione de la Stiviere, and about nine o'clock the Brigade of Regina and the Royal battalion of Nizzi, with part of the Rifle corps, appeared before the Goito with the intention of dislodging the enemy. The war of independence has opened with a signal advantage worthy of it, and which we call the victory of the Bridge of Goito.

"Goito is on the left bank of the Mincio, flanked by the post road leading to Mantua, and the river there is crossed by a stone bridge of three arches Our troops, led by General Bava, attacked frankly the several points occupied by the enemy, who had barricaded the roads and fortified the houses, and from which he maintained a continued fire, but all these obstacles were overcome by the gallantry of the sharpshooters of the Royal battalion Nizzi, who assisted by three pieces of artillery, were placed at the head of the column

The enemy was dislodged, and forced to cross the river, blowing up the bridge, which had previously been mined in his retreat; but a parapet remaining untouched, our infantry advanced over it, and countered by great exertion to get possession of the enemy's artillery, by which we had been so much annoyed. The passage of the Mincio was thus forced over the shattered remains of the ruined bridge The enemy, in his retreat towards Mantua, was closely followed up, and he was compelled to leave behind several of his dead, among whom were many officers, and a considerable number of prisoners which we made.

The fruit of this victory is that we remain masters of the passage of the Mincio, of which we may occupy the left bank. On our part we have to lament the loss of two officers—Col Lamarmora, of the Rifles, and Mazarani of the Royal Nizzi Regiment—both of whom are severely wounded."

(Signed by the Extraordinary Commissioner from the Government of Milan, near His Sardean Majesty) MARTINI.

DENMARK AND SOLSTEIN.

The accounts received from the Continent, day after day, and more and more to complicate the unfortunate disputes which have occurred in Holstein and Schleswig, with regard to the misunderstanding]—present existing between a three Duchies and their sovereign the King of Denmark, as well as to threaten most seriously the peace of Europe. The whole German confederation is compromised by the injudicious first act of the King of Prussia, and the so-called appeal to arms against Denmark On the south of Denmark no actual collision has yet taken place, except between the Danish troops and the insurgent Schleswig-Holsteiners The Danes finded under cover of their ships-of-war, and after a short struggle—for the blood of both nations is thoroughly roused—succeeded in routing their opponents and taking Rendsburg, a town of the duchy On the 11th inst a fierce battle was fought near Flensburg, in which the Danes, having a decided superiority in numbers as well as in their cavalry and artillery, the Schleswig-Holstein army was defeated, and compelled to retreat towards Rendsburg. The Holsteiners 10,000 strong, retired on Rag from Flensburg, delighted by the preparations for a bombardment from the harbor, which was filled with Danish gun boats But the Danes came on in superior numbers, and drove all before them, despite a stubborn resistance. Two German regiments were almost annihilated, and the killed on each side were more than 2000; 750 insurgents were taken prisoners After then retiring the Danes pushed southwards, and entered Schleswig at two in the morning of the 11th. The Danish troops in Schleswig are now 20,000. The Prussians remain on the Holstein frontier, increasing their numbers. Their force now amounts to 8000 infantry, to which will be added some cavalry, so that altogether this contingent force, when concentrated in Holstein, will amount to about 10,000 men of all arms

Correspondence from Rendsburg of the 14th inst. mentions a report that a skirmish had taken place at Windbye, and that forty Danes had been made prisoners

Destructive Fire in New Bedford.

New Bedford, Friday, May 5th, 12 o'clock at night.

Our city has just been visited by a most destructive fire It broke out in the cotton factory owned by Samuel Rodman, at 9 o'clk. It spread to the Machine shop, from thence to a building used as a store-house for finished goods. A large building occupied by operatives as a boarding house, was partially consumed. It is feared that the man who was employed as watchman in the factory, perished in the flames. The estimated loss is about $295,000. There is $50,000 insured.

☞ The editor of the Democrat appears, this week, to be quite alarmed and excited in reference to Gen Taylor It is evident that our neighbor feels very unpleasant in reference to the next Presidency, and creeps about in stocking feet in his own party, and labors to hush every voice into acquiescence with whomsoever may be nominated at its party convention, without reference to principles.

The Democrat awhile ago, told its readers that Gen. Taylor was a 'Democrat' and if nominated by its party would certainly be elected It now feels, perhaps, a little awkward since the General declares himself to be in politics what he was well known to be, a Whig, and the Democrat, not being to back out, is laboring to make it appear that the Whigs are inconsistent in supporting him for nomination as their candidate for the Presidency.

The perturbation of the Democrat shows the danger in which it finds its party, and the dark cloud which impends over its own prospects — Under the lead of its party the country has been plunged headlong into debt, at the very time too same Democrat was declaring that nothing of the kind would happen, and when it endeavored to cut down the war expenses to a mere tithe of the real amount The Locofoco party is the debt loving party. It is the extravagant party. It is the theorizing, deceiving party, and is without the capacity and the honesty to make provision for the support of the measures which it adopts It progress is marked by the recklessness of a heedless spendthrift who depends upon others to settle the bills. It has begun a wild and pushed about so far as to tremble at the result, and while suing for peace and hoping for a treaty, its imbecility and petty jealousy causes it to give aid and comfort to the enemy by attempting the destruction of the Generals of its own army, by whose skill victories have been won to the wonder of the world

A party thus signalized, deserves only defeat and disgrace, and these they are likely to have awarded them by a free, honest and indignant people at the approaching election. Hence the nervous twitchings of the Democrat, and its alarm at the bare mention of the name of Gen Taylor.

☞ We notice that some of the papers in the State, meet on the reception of the first number of the Common School Journal edited by Mr Crosby, the Secretary of the Board of Education. It is said to be quite interesting and useful.

☞ Thanks to Capt. T. B. Sanford, of the Charter Oak and to Mr Pennell, the attentive clerk, for Boston, New York and Liverpool papers, received yesterday forenoon, and from which we are enabled to fill our columns with news.

For the Whig and Courier.

The Mother's Lament.

MERELY DEDICATED TO MRS. H. B. P.

BY * * *

I'm sitting by thy grave, Willie—
Where Spring's young flowers weep—
And the soft night winds go sighing by,
With low and mournful sweep.
But I do not hear their breath, nor feel
Their freshness on my brow;
For the soft, sweet tones, I used to hear,
Are still in the churchyard, now.

The stars are looking down, Willie—
Upon thy fresh young grave,—
And the lake is scarcely rippled, where
The swan her wing doth lave:
But I see not in their gentle look,
The love I saw in thine—
Nor in the pitied breast, the form
That nestled close to mine.

An angel-smile was thine, Willie—
That played like sunlight gleam,
Upon thy full and gentle lip,
As wak'd by spirit-dream:
But I miss it—with the lustrous gaze—
Thy soft and flowing hair,—
I miss the light and rounded form,
That filled you vacant chair.

Thy playful whisper's music, nor
The words thou dost say
Thousand, just words of childish love,
Thou never more will speak.
And I miss the light breath from thy crib,
Thro' long, long hours of night—
The gentle sigh of thine angel sing,
As I watched the morning light.

The May flower bloom the same, Willie—
Go thro' its mystic dance—
Weaving its fond and enchanting spell,
As if thou were not dead.
The robin sit on our garden tree,
Her mellow note deck year,
Thro' the sunshine of my heart shall glad
Its earthly tower no more.

For thou art thoughtful dale, Willie—
And in the sunshine gone,
I weep, I pine, I feel my heart,
That o'er your loss I weep.
I wonder if A [illegible]

Boston, May 5th, 1848.

CONGRESS.

WASHINGTON, MAY 8, 1848.

In the Senate the subject of local [illegible] Virginia [illegible] and various other matters were referred.

Mr Hannegan moved that the bill granting to the Freedom to occupy Vera Cruz with a military force with a view of [illegible] the [illegible] be taken up, which was agreed to Mr Hannegan then proceeded to address the Senate, and spoke ably in support of the bill.

Mr Clayton followed, and argued the question briefly, as to the violation of the treaty which probably due this was fulfilled. The principles he lived in the bill regarded a violation of the treaty, which was a serious matter. The bill also violated the armistice.

Mr Jefferson Davis, of Mississippi, proposed a substitute, authorizing the President to send a portion of our troops now in Mexico to Yucatan, and supply their places by new volunteers

Mr Crittenden, of Kentucky, opposed both the bill and the amendment. A bill to raise more volunteers was already pending. He advocated neutrality in interfering with the affairs of other countries. He was ready to go to war at any time in the cause of humanity, but thought we ought to have a regard for the lives and health of our troops, which it was proposed to send to Yucatan.

Mr Foote, of Mississippi, supported the measure, yea and nay, which he defended in connection with the administration.

Without taking any question, the Senate adjourned over till Monday

In the House, Mr Hallmes, of New York, offered a resolution in favor of an alteration in the mileage law. Objections were made.

Mr Stephens, of Georgia, offered resolutions declaratory of the Taylor platform—the General's late letter serving as the basis. Laid over.

Mr Rockwell, of Connecticut, called for the regular order of business—whereupon the House accordingly resolved itself into committee of the whole on the state of the Union, and proceeded to take up the private calendar, and to consider private bills—Mr Kaufman in the chair. After some time spent therein, the committee rose and reported progress.

The House adjourned till Saturday morning.

Chloroform Toothache Drops.

It is well known that "CHLOROFORM" surpassed (in a great measure) the use of Ether, been always of pain, and is now used by the best Surgeons and Dentists in preference. A celebrated Chemist (and one of the first manufacturers of Chloroform.) has discovered that "Chloroform" with other simple ingredients, will instantly cure the TOOTHACHE. After trying it in many cases it has never failed to give relief; there is no possible danger in using it, as it will not injure the sound teeth a particle. All that is necessary in using these Drops, is to saturate with a bit of cotton or lint, and place it in the cavity of the tooth. Relief will be received late.

None genuine without the signature of *Isaac P. Fuller* on the wrapper. Sold at No. 19 Tremont Row, Boston.

DOCT. MANLY HARDY'S

JAUNDICE BITTERS!

SPRING has again opened upon us, and with it a busy season which requires our fullest energies, both of body and mind, to meet. How unfortunate for us poor mortals, that it is a season, too, which bakers upon us disease and death, while the busy scenes of life fill all minds, and while nature is putting on her loveliest attire. In the front of this frost rank of all Spring diseases, stands that yellow-eyed, yellow-faced, sallowskinned demon, JAUNDICE! What countless millions has he slain, and how eager for more victims. We meet him in our streets at almost every step, and his cold and enervating touch is felt more or less heavily by us all. Where, then shall we look for the friend which shall guard us from this dreadful scourge?

At HARDY'S Drug Store,

EXCHANGE STREET, BANGOR,

may you find that friend and at a cost which shall impoverish no man. Yes, for a mere trifle you shall there find a certain and speedy cure for Jaundice and all Bilious troubles, in Dr. MANLY HARDY'S

JAUNDICE BITTERS,

which, for forty-five years, have been quietly but surely working out for themselves a reputation far above all others; standing now upon an eminence too lofty to be reached by the voice of envy or detraction. Indeed, they never fail to cure; and the subscriber here pledges himself to refund all money paid him for Bitters, if they do not effect a cure, when taken according to his directions. Do not forget that a hundred different kinds of "Jaundice Bitters" are before the public, the virtues of which the subscriber will not speak, even that which he does know of, and pitiingly say he does know that [illegible] to take HARDY'S BITTERS, and taking them, [illegible] Bitters, but at that of the Drug Stores in Maine. R. K. HANDY,

Druggist,—Exchange Street.

The Great Remedy for Gonorrhœa

GLEET Stricture and all analogous complaints is DR DOUGLASS'S ARABIAN PASTE. Dr Douglass is well known having practiced in the principal cities in the Union during the last 10 years His only reason for introducing the Paste in this public manner, is the consciousness that there are thousands of ill treated complaints in this city—thousands of individuals who are going down to premature graves by taking the miserable drugs of quacks

Dr D most solemnly affirms that during his practice of forty years the Paste has never, in one single instance failed of effecting a cure in a few days without any change of diet or hindrance from business He has had some of the most stubborn cases—cases that have resisted the regular course of treatment adopted by our first physicians, for months and even years but after taking the Paste for a few days the angry symptoms disappeared, and the patients were discharged entirely cured

If the unfortunate instead of drugging themselves with quack nostrums would purchase only one box of the Arabian Paste we should not see so many emaciated bodies and sallow countenances as we do at the present time

☞ In case the Paste should fail to effect a cure in the shortest possible time ten times the price paid for it will be given the purchaser on returning the empty boxes

For sale only by the original inventor and sole proprietor Dr PHIL G DOUGLASS at his Office No 56 Union street Boston at $5 per box where he can be confidently consulted on every disease incident to the human frame and the patient rely upon the most beneficial course of treatment that can possibly be adopted

DISEASES OF THE Throat and Lungs.

COUGHS and Colds the fruitful parents of Consumption, Bronchitis, Asthma Pleurisy and many other dangerous diseases, are too often neglected until the foundation of the Fatal Complaint is laid deep in the System. A Physician is then called in, who administers a few Palliatives, but fails to cure the disease incurable, and the Patient is confirmed in his opinion, that he will soon die Simply because he does not resort to the proper remedy, but uses a thousand worthless nostrums rather than the infallible one based on experience and the most authentic testimony On this basis is the only true one, the efficacy of

DR. VONDERSMITH'S

and Lung Balsam,

have been thoroughly established, but those who doubt, read the following testimonials which are merely samples of hundreds of the same nature.

CONSUMPTION

AND AFFECTION OF THE LIVER

CURED,

Of Twenty Years Standing!

CITY OF NEW YORK, July 21st, 1847

This is to Certify that I Nelson Larrabee, of Jersey City, have been subject to a dry hacking cough and a pain in the side and chest, attended with night sweats and general weakness of the system for a period of twenty years, and pronounced INCURABLE CONSUMPTIVE, neither the advice of regular physicians nor the many advertised remedies I have taken have been of any permanent benefit and I was yielding hopelessly to the progress of my disease, when I was persuaded to try Dr. R. W VONDERSMITH'S INDIAN COUGH BALM AND LUNG BALSAM, by the aid of which, all my symptoms have been removed and I have been wonderfully restored to the blessings of health, and the prospect of a prolonged existence

In gratitude for which, and in the hope of benefit to others, I solemnly testify to the facts in this certificate. NELSON LARRABEE.

INFLAMMATION OF THE LUNGS

New York June 19 1847

Dr Vondersmith—I have been subject to a cough, pain in the chest, difficulty of breathing, &c, for many years past About four months ago I took a severe cold which settled on my lungs I was unable to attend to my business during the day I did not sleep that I thought I could not possibly survive to least I could get relief The excessive night sweats had reduced my whole body to a skeleton, I expectorated white frothy mucous, at intervals, should I give the full particulars of my case it would be almost incredible I was recommended to try Dr VONDERSMITH'S INDIAN COUGH BALM AND LUNG BALSAM I commenced when I had used it about one week, my cough decreased considerably, which gave me great hopes I continued with the medicine according to directions, and the result has been that I am restored to health, a blessing that I have not enjoyed for years until this present time. I sincerely believe had I not made use of Dr V's invaluable Medicine, that I would be mouldering in the silent grave Therefore I believe that I am doing nothing but justice, in making the above facts, so that you may show it to all the afflicted who may call upon you to administer to them I shall be pleased at any time to converse with the afflicted who may call upon me

DR. UPHAM'S

Vegetable Internal Remedy

FOR THE PILES!

A Cure for Life Secured.

For the cure of Piles Inflammation of the Liver and Spleen Inflammation, Soreness and Ulceration of the Stomach, Bowels, Kidneys and Bladder Inflammatory and Mercurial Rheumatism Impurity of Blood Weakness and Inflammation of the Spine and for the relief of Married Ladies.

THE VEGETABLE PILE ELECTUARY,

invented by Dr A Upham, a distinguished Physician of New York city, is the only really successful remedy for this dangerous and distressing complaint, the Piles, ever offered to the American public

Mark this it is an INTERNAL REMEDY—not an external application, and will cure any case of Piles, either bleeding or blind, internal or external and probably the only thing that will There is no mistake about it It is a positive cure *especially and permanent* It is also a convenient medicine to take, and improves the general health in a remarkable manner

Even box contains twelve doses, at $1 3 *cents* dose, It is very mild in its operation, and may be taken in cases of the most acute inflammation without danger — All external applications are in the highest degree disagreeable, inconvenient and offensive, and from the very nature of the disease, temporary in their effects This Medicine attacks the disease at its source, and, REMOVING THE CAUSE, renders the cure CERTAIN and PERMANENT

INFLAMMATORY DISEASES.

Although the ELECTUARY was originally prepared for the cure of Piles, yet it has proved itself a medicine far superior to all others, in all diseases of an inflammatory character, with a deterioration of blood to any particular part or organ in inflammation and congestion of the Liver and Spleen Inflammation, Soreness and Ulceration of the Stomach, Bowels, Kidneys and Bladder, in inflammatory and mercurial Rheumatism, it is the Best Medicine ever discovered

IMPURITIES OF THE BLOOD.

For all impurities of the Blood, arising from the imprudent use of Mercury, or other causes, for all diseases of the Skin, and Scrofulous Affections, in all cases where the blood is powerfully determined to the head, producing dizziness and distress, DR UPHAM'S ELECTUARY is entirely unrivalled

TO MARRIED LADIES.

Married Ladies are almost invariably subject to that painful and injurious disease, the PILES, with consequent inflammation of the Stomach, Bowels and Spine, weakness of the back flow of blood to the head &c— The Electuary is perfectly safe for Pregnant Ladies, and the most useful cathartic that can possibly be used, as it will not only remove the Piles and all inflammatory diseases, WITHOUT PAIN or IRRITATION, but will ensure an easy time, a safe delivery, and a sound constitution in the offspring

CURE FOR LIFE GUARANTIED

The Electuary contains NO MINERAL Medicine no Aloes, Colocynth, Gamboge, or other powerful and irritating purgatives No fear of taking cold whilst under its influence, no change in diet necessary. If taken according to the directions, A CURE FOR LIFE IS GUARANTIED

Pamphlets giving valuable information respecting this Medicine may be had of Agents, gratis

GREAT SUCCESS OF UPHAM'S

PILE ELECTUARY.

Portland, Me, March 14, 1847

Dr Upham—My dear Sir—I cannot express to you my sincere and heartfelt thanks for the wonderful cure I have experienced by the use of your truly valuable Pile Electuary I have been a perfect martyr to the Blind and Piles for 18 years past, so much so that I became reduced to almost a skeleton with loss of appetite, and general derangement of the digestive organs My nerves also became affected, and in fact I was a miserable to myself. I was obliged to give up my business I had tried all kinds of medicines, had the best advice the physicians in Boston and the plans could afford, spent much money—and twice submitted to painful operations. I had become perfectly tired of life, and at the suggestion of my friends I was induced to try a box of your medicine. The first I found to relieve me slightly, still I persevered, and purchased a second, and I assure you, when I got half through, I found myself getting well; still I kept on, and now I am a well man. My dear Sir, language cannot express the heartfelt thanks that I am now more restored to health and am in a condition to support my large family, dependent on me.

Patent Mill Wheels.

Timbey's Patent

Two Vent Cast Iron Water Wheels,

—for—

SAW MILLS,

Invented by T. R. Timbey of Cato N. Y.

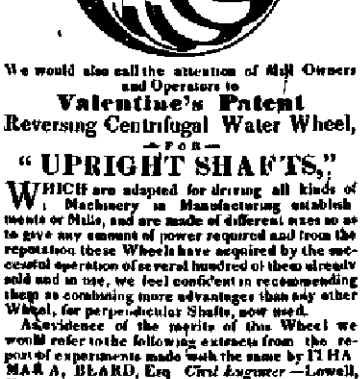
THE undersigned would invite the attention of the Public to the above named WHEELS, which have been thoroughly tested in *Competition* with all other popular

SAW MILL WHEELS

in use at the present time, and they can confidently recommend them with the same head and quantity of water applied, as possessing and combining *more Strength and Speed*, and giving a *more uniform* and *Steady Motion* in and out of the cut (and therefore not liable to break cranks,) and will also run *longer* and *Saw more Lumber* under a low head than any other Wheel in use

Another advantage which the Wheel has over others is that it is constructed with but Two Vents for the discharge of water which makes the apertures larger and allows the "drift stuff" to escape without filling up the Wheel

Persons wishing to adopt the BEST WHEEL will do well to call and examine before purchasing elsewhere



We would also call the attention of Mill Owners and Operators to

Valentine's Patent

Reversing Centrifugal Water Wheel,

—FOR—

"UPRIGHT SHAFTS,"

WHICH are adapted for driving all kinds of Machinery in Manufacturing establishments or Mills, and are made of different sizes so as to give any amount of power required and from the reputation these Wheels have acquired by the successful operation of several hundred of them already sold and in use, we feel confident in recommending them as combining more advantages than any other Wheel, for perpendicular Shafts, now used.

As evidence of the merits of this Wheel we would refer to the following extracts from the report of experiments made with the same by DANIEL BEARD, Esq *Civil Engineer* —Lowell, Mass who is well known as one of the most Scientific and experienced practical Engineers in this country.

"This wheel is formed with curved floats the number depending upon the size and vent of the Wheel each extending so far around the Wheel that when the water arrives at the jet its pressure is so far expended that it falls very nearly from the Wheel The Wheel is inclosed in a cylindrical wooden case or frame, in which the water stands at its full head, the column being sustained by the stationary plate underneath the Wheel, so that it has no downward pressure upon the Wheel, which stands perfectly free in the column of water and by this arrangement all the friction on the step and bearing of the Wheel is avoided, and so much of the power saved, which in the ordinary mode of operation is wholly lost.

"This Wheel is adapted to low as well as high heads of water and will run as well in back water as out of it, provided the head rises in a freshet as fast as the back water But a Wheel with the jets rightly gauged for a high head will not answer for a low one, and vice versa for as the head increases the width of the jets should be proportionably decreased, so that the water may not issue to waste, and not give its best effect to the Wheel

"In point of power, the trials show conclusively that this Wheel is superior to the best constructed Breast Wheels and it has the advantage of working with good effect in situations where the Breast Wheel would be worthless or less liable to needed repairs, easily accessible when they are needed, costs much less in the outlay, is much more durable, and takes very much less room in a mill or shop — Simplicity of structure, durability of parts economy of application and excellence of power are the grand points of recommendation for this Wheel.

Dr. Townsend's SARSAPARILLA,

THE MOST EXTRAORDINARY MEDICINE IN THE WORLD.

This extract is put up in quart bottles, it is six times cheaper, pleasanter, and warranted superior to any sold It cures diseases without vomiting, purging, sickening or debilitating the patient

The great beauty and superiority of this Sarsaparilla over all other medicines, while it eradicates disease it invigorates the body It is one of the very best Fall and Winter medicines even known, it not only purifies the whole system and strengthens the person, but it creates new, pure and rich blood, a power possessed by no other medicine And in this lies the grand secret of its wonderful success It has performed within the past two years, more than 35,000 cases of severe cases of disease, at least 20,000 of these were considered incurable

More than 2000 cases of Chronic Rheumatism,
2000 cases of Dyspepsia,
4000 cases of General Debility and Want of Energy,
7000 cases of the different Female Complaints,
2000 cases of Scrofula,
2500 cases of the Liver Complaint,
2500 cases of Diseases of the Kidneys and Dropsy,
2000 cases of Consumption,

and thousands of cases of diseases of the blood, viz:—Ulcers, tetters, salt rheum, pimples on the face, &c &c., together with numerous cases of sick headache, pain in the side and chest spinal affections, &c. &c.

This, we are aware, must appear incredible, but we have letters from physicians and our agents from all parts of the United States informing us of extraordinary cures. E Van Benthuysen, Esq, one of the most respectable druggists in Keyport N J informs us that he can refer to more than 150 cases in that place alone There are thousands of cases in the City of New York which we will refer to with pleasure, and to men of character. It is the best medicine for the preventative of disease known. It undoubtedly saved the lives of more than

5,000 CHILDREN THE PAST SEASON,

as it removed the cause of disease, and prepared them for the summer season It has never been known to injure in the least the most delicate child

RHEUMATISM

This Sarsaparilla is used with the most perfect success in Rheumatic complaints, however severe or chronic. The astonishing cures it has performed are indeed wonderful Other remedies sometimes give temporary relief, this entirely eradicates it from the system, even when the limbs and bones are dreadfully swollen

☞ Hear Mr Seth Terry, one of the oldest and most respectable lawyers in Hartford Conn The following is an extract of a letter received from him

Dr Townsend—I have used one bottle of your Sarsaparilla, and I find it to excellent in its effects upon a chronic rheumatic pain to which I am subject from an injury occasioned several years ago in a public stage Please send me two bottles to the care of Dr Sweetser I have conversed with two of our principal physicians and recommended your Sarsaparilla. SETH TERRY

CONSUMPTION CURED

Cleanse and Strengthen. Consumption can be cured. Bronchitis Consumption Liver Complaint, Colds, Catarrh, Coughs Asthma, Spitting of Blood, Soreness in the Chest, Hectic Flush, Night Sweats, Difficult or Profuse Expectoration, Pain in the Side, &c., have been and can be cured.

Dr Townsend—Dear Sir Nearly twenty years ago I took a violent cold which settled on my lungs, and affected me severely indeed, finally it became a constant hacking cough, but not so severe as to prevent me from attending to my business Within the last few years it increased on me gradually At last I became reduced—I breathed with difficulty, and raised with my cough much bad matter, and for the last year and the previous to using your Sarsaparilla, had regular night sweats, indeed, my friends and myself expected that I would die with the Consumption, but I have the happiness to inform you that, to my surprise, after using three bottles of your Sarsaparilla, I find my health restored It relieved me gradually, and I am now enjoying much better health than I have before in 26 years I had almost entirely lost my appetite, which is now returned You are at liberty to publish this with my name to the papers, if you choose

My little girl when about ten years old had a very bad cough the whole of last Winter We became very much alarmed on her account While using the medicine I gave her some of it, and it soon entirely relieved her as well as myself, and she is well now, and hearty, as any child I ever saw She was also full of little blotches; it took them away, and her skin is smooth and fair now, and I am satisfied she received her health from using your excellent medicine

S W. CONANT, 444 Bowery

GIRLS, READ THIS

You who have pale complexions, dull eyes, blotches on the face, rough skin, and are "out of sorts," use a bottle or two of Dr Townsend's Sarsaparilla It will cleanse your blood, remove the freckles and blotches, and give you animation sparkling eyes the sports and beautiful complexion—all of which are of immense value to unmarried ladies

GREAT FEMALE MEDICINE

Dr Townsend's Sarsaparilla is a sovereign and speedy cure for incipient Consumption, Barrenness, Leucorrhœa or Whites, obstructed or difficult Menstruation, Incontinence of Urine, or involuntary discharge thereof or blood, internal or external and probably the only thing that will There is no mistake about it It is a positive cure especially and permanent It is also a convenient medicine to take, and improves the general health in a remarkable manner

Even box contains twelve doses, at $1 3 *cents* dose, It is very mild in its operation, and may be taken in cases of the most acute inflammation without danger — All external applications are in the highest degree disagreeable, inconvenient and offensive, and from the very nature of the disease, temporary in their effects This Medicine attacks the disease at its source, and, REMOVING THE CAUSE, renders the cure CERTAIN and PERMANENT

INFLAMMATORY DISEASES.

Although the ELECTUARY was originally prepared for the cure of Piles, yet it has proved itself a medicine far superior to all others, in all diseases of an inflammatory character, with a deterioration of blood to any particular part or organ in inflammation and congestion of the Liver and Spleen Inflammation, Soreness and Ulceration of the Stomach, Bowels, Kidneys and Bladder, in inflammatory and mercurial Rheumatism, it is the Best Medicine ever discovered

IMPURITIES OF THE BLOOD.

For all impurities of the Blood, arising from the imprudent use of Mercury, or other causes, for all diseases of the Skin, and Scrofulous Affections, in all cases where the blood is powerfully determined to the head, producing dizziness and distress, DR UPHAM'S ELECTUARY is entirely unrivalled

TO MARRIED LADIES.

Married Ladies are almost invariably subject to that painful and injurious disease, the PILES, with consequent inflammation of the Stomach, Bowels and Spine, weakness of the back flow of blood to the head &c— The Electuary is perfectly safe for Pregnant Ladies, and the most useful cathartic that can possibly be used, as it will not only remove the Piles and all inflammatory diseases, WITHOUT PAIN or IRRITATION, but will ensure an easy time, a safe delivery, and a sound constitution in the offspring

CURE FOR LIFE GUARANTIED

The Electuary contains NO MINERAL Medicine no Aloes, Colocynth, Gamboge, or other powerful and irritating purgatives No fear of taking cold whilst under its influence, no change in diet necessary. If taken according to the directions, A CURE FOR LIFE IS GUARANTIED

GREAT SUCCESS OF UPHAM'S

PILE ELECTUARY.

Portland, Me, March 14, 1847

Dr Upham—My dear Sir—I cannot express to you my sincere and heartfelt thanks for the wonderful cure I have experienced by the use of your truly valuable Pile Electuary I have been a perfect martyr to the Blind and Piles for 18 years past, so much so that I became reduced to almost a skeleton with loss of appetite, and general derangement of the digestive organs My nerves also became affected, and in fact I was a miserable to myself. I was obliged to give up my business I had tried all kinds of medicines, had the best advice the physicians in Boston and the plans could afford, spent much money—and twice submitted to painful operations. I had become perfectly tired of life, and at the suggestion of my friends I was induced to try a box of your medicine. The first I found to relieve me slightly, still I persevered, and purchased a second, and I assure you, when I got half through, I found myself getting well; still I kept on, and now I am a well man. My dear Sir, language cannot express the heartfelt thanks that I am now more restored to health and am in a condition to support my large family, dependent on me.
